Dear Parents,

We are excited to share that our school will be focusing on PBIS (Positive Behavior Intervention Support) in order to help foster a positive school environment for our students. PBIS is a multi-tiered framework that supports academic, social, emotional, and student behavior. Our school has formed a PBIS committee who has been trained in this program. Last week we had a PBIS assembly with our students to reinforce what PBIS will look like in our school.

For more information about PBIS, you can visit:

Our teachers and staff will be continuously referring to CLIMB throughout the school year as we work to promote a positive school environment for our students.
