California Schools are subject to various regulatory requirements dealing with safety and health. A key requirement of school safety programs is found in California Education Code (CEC) Section 35294.1 (b)(1) dealing with the preparation of “safe school plans”. Specifically, this section requires that the “school safety planning committee” prepare a comprehensive school safety plan relevant to the needs and resources of that particular school.

UPDATING STUDENT INFORMATION

What is the Annual Beginning of School Student Information Update?

In order to best serve, support, and protect our students, parents and guardians have been required to annually update each student's personal and medical information. This update is done through our online process.

Why is the process online, rather than pen and paper?

Our online process saves valuable time, while increasing efficiency and accuracy of this important information.

Why is this process necessary?

For the safety of our students, this once a year process is necessary in order for the school to have accurate, important student information, such as addresses, phone numbers, emergency contacts, and medical needs.

How often is this updating of information required?

This updating of information has been, and continues to be, required once a year.

Will I have to create a user name and password?

No, your email address will be sufficient.

Do I need to fill out a separate form for each student?

No, you may list all of your students on the same form.

What if I do not have any changes to make? Do I still need to fill those forms?

Yes, even if you do not have any changes to information you still need to fill out the information for each student.

What if I do not update my child's information by the end date?

If you do not update the information the school will not have accurate contact and medical information for your child. This may limit certain activities or events your child can participate in. In order to best serve, support, and protect our students, we ask for this update annually.

What if my child recently registered, do I still have to complete this process?

While we understand that information may not have changed since registering your child, verification of the information is still required.

What if I have additional questions?

Please contact the school's office if you have any additional questions.
